## Students Opinion about our College Facilities

### Academic year 2018-19

A standard format for the assessment of the college facilities by the outgoing students has been developed by the Directorate of Collegiate Education in the form of questionnaires. The final year degree students before the final exam were asked to evaluate the amenities provided to them for successful completion of their degree programme.

The five point scale was used for the evaluation on 12 rating factors like Library & Information Centre, Sports facilities, NSS/NCC/Cultural activities, Wash room/Drinking water facilities, Reading room, Grievance redressal cell, Disbursal of scholarship to students, computer facilities, Canteen facilities, co-operation of administrative staff and Principal's availability for the redressal of students queries.

The analysis as per the feedback given by 74 outgoing students revealed that 85% of students expressed the Principal availability for redressing the student problems as excellent followed by cultural/NSS/NCC activities (78.37%) Cleaning of wash room/Drinking water facility has a score of 74.32%. All other rating facilities as evaluated by the students have a score ranging from 62.16% to 72.97%. Taking remedial classes/tutorials need to be relooked as the students have rated this as low as 60.81%. Contrary to the student rating the factors as excellent, the students have also expressed their opinion as unsatisfactory on taking remedial classes/tutorials (4.06%) and Grievance redressal cell (4.06%), which calls for immediate attention by the college authorities to solve these issues in the coming years for the academic excellence of the students.
